# WHO WE ARE

We are specialized in all types of Ports, Thermal power plants, Cement industries, Steel Industries, Chemical industries and Nuclear Plants. We are well experienced in handling of all types of Operation & Maintenance works in all areas of Coal Handling Plant, Ash Handling Plant, Lime Handling, Effluent treatment plants, Water Treatment Plants along with its Auxiliaries, Loco Operations, Automobile and providing man power supply for boilers, turbines & Utilities.

## Shri. G. Nagarjun Reddy

WTD

Mechanical Engineer having 18 years experience in the field of Operation & Maintenance of Power Plants, Cement, Steel and Ports. Have wide experience in Marketing & Business Management

At NEC, we believe in building not just a successful company, but a meaningful journey that creates value for our clients, partners, and employees. Our vision is to combine innovation, integrity, and teamwork to set new benchmarks in the industry.

The strength of NEC lies in its people – their dedication, creativity, and relentless pursuit of excellence. Together, we are shaping a future where every challenge becomes an opportunity and every success is shared.

Our commitment is to deliver sustainable growth, nurture long-term relationships, and create an organization that thrives on trust and performance. NEC is not just a company – it is a vision of progress, driven by passion and purpose."

**– G. N. Reddy**

We make it Happen...

# INTRODUCTION

Nagarjuna Engineering Constructions (NEC), established in 1997, is a well-experienced contractor specializing in Operation & Maintenance services, including Mechanical, Electrical, Civil, and Logistics. With a strong financial background. NEC is recognized for its high standards and reliable service delivery to government and private clients alike. The company earned ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications in 2024, reflecting its commitment to maintaining international standards. NEC's operations are overseen by a Board of Directors, supported by a core team of professionals known for their result-oriented approach, expertise, and integrity. The company's leadership is complemented by a skilled workforce of engineers and technicians, ensuring the successful execution of projects.

The company's impressive client list includes government organizations such as APGENCO, APPDCL, NLC, TNEB, and BHEL, as well as private firms like Sembcorp, Tata Power, JSW Energy, Aditya Birla, and others.

NEC has developed a strong reputation for its capabilities in Operation & Maintenance, with specialization in Coal Handling Plants (CHP), Ash Handling Plants (AHP), Ports and Water Treatment Plants (WTP), among other areas. With over 320 experienced engineers and more than 4500 skilled workmen, NEC continues to meet client demands with efficiency and dedication, contributing to the company's growth and success in the industry.

# WHAT DO WE DO

We are specialized in executing Operation and Maintenance activities & Projects of

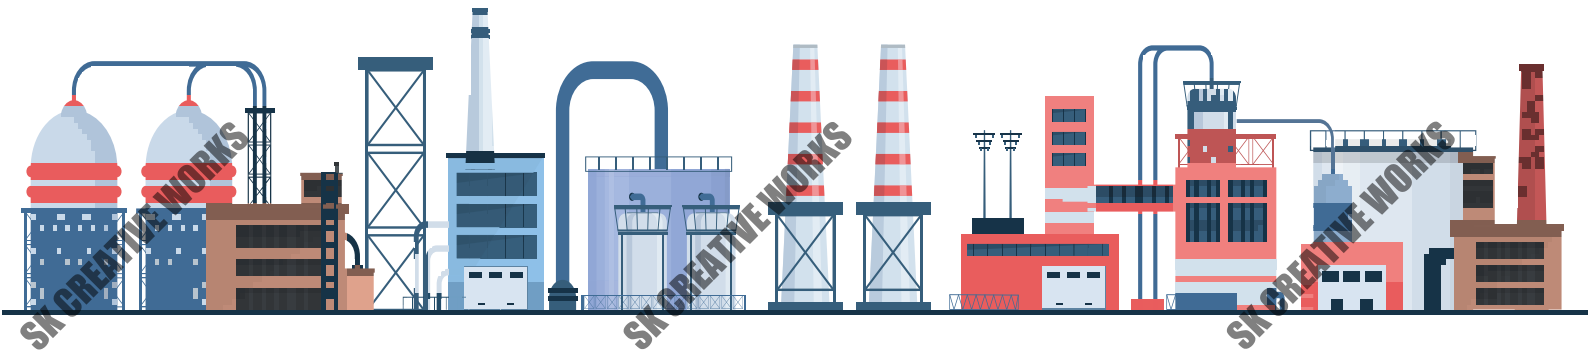
- **Port** Handling Systems
- **Bulk Material** Handling Systems
- **BTG, ESPs, BF Gas Ducts & Ash** Handling systems
- **Coal & Coke** Handling Systems
- **Fire Fighting & Fuel Oil Systems** Erection of Substations
- Erection, Testing, Commissioning of **Switchgear, PLC & DCS**
- **Industrial Lighting & Instrument-ation**

## MISSION

Commitment, Integrity, In time delivery, Efficiency and Cost Consciousness with high standards of safety to achieve Organization's goals that transforms to alignment with Clients requirements & targets

## VISION

To be a preferred global service provider in providing best solutions with optimized cost for multiple sectors



SK CREATIVE WORKS

SK CREATIVE WORKS

We make it Happen...

# POLICIES

## QUALITY POLICY

We are committed to meet customer requirements and satisfaction by providing best quality services and products. We will always achieve and maintain effectiveness of Quality Management system by Employee motivation and bring continued improvement in the system.

## ENVIRONMENTAL POLICY

Reuse or Recycle policy is being implemented at all our projects ; all precautions are being taken to minimize damage to the environment

## HEALTH & SAFETY POLICY

Safety is everyone's responsibility at our organization. We adhere to all policies of Health & Safety.

ODC Standards Certifications

Certificate of Registration

The ODC Standards Certifications hereby certifies that:

**NAGARJUNA ENGNEERING CONSTRUCTIONS**

FLAT NO.4/D, KINGS COURT APARTMENT , MAGUNTA LAYOUT, NELORE, POTTI SRIRAMULU NELLORE, ANDHRA PRADESH – 524003.

has been found to conform to the Management System Standards:

**ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018**

with a scope of:

Execution of Mechanical, Electrical & Civil Works.
Operations & Maintenance of Mechanical, Electrical & Civil Works.
Providing Mining, Port Material Handling, Logistics, Industrial Suppliers, Bulk Material Systems, EPC (Engineering, Procurement & Commissioning) Projects and Cargo Services.

"Further clarifications regarding the scope of the certificate and the applicability of the standard requirements may be obtained by consulting the organization." "This is an accredited certificate sanctioned for issue by STANDARDS ACCREDITATION COUNCIL FOR ASSESSMENT SERVICES PROVIDERS (SACASP) in accordance with the requirements of ISO/IEC 17021: 2015. The validity of this certificate can be verified by checking the Directory of Certificated Organizations maintained at the SACASP website www.sacasp.org."

# SECTORS

## POWER

With over two decades of experience, we have actively contributed to the Power Sector by delivering high-quality Operations & Maintenance services. Our expertise spans Coal & Ash Handling, BOP, Main Plant support, and Boiler & Turbine Maintenance. We now serve as a preferred KPI-based O&M provider for units up to 800 MW and complexes up to 2640 MW.

## CEMENT

Our association with Cement Industry is about 15 years and became part of leading cement manufacturers like Ultratech, Dalmia Cements, My Home Cements, Ramco Cements and also played a key role of restoration of cement plant from sick stage to operational stage and Services of O&M being continued as long-term association

## STEEL

We are very honored to be part of Steel Industry for more than 15 years of association as strategic partners with MNC & PSUs and providing continual performance & responsible part of end-to-end process of Steel manufacturing cycle from RMHS, Sinter Plant, Blast furnace, SMS, Rolling Mill, IL, Coke Oven, Slag handling and waste minimizing techniques like by recycling slag & scrap etc

We make it Happen...

# SECTORS

## PORT

In recent years we have established our presence in the Port Operations of Private Port Operators and as business partners we have demonstrated continuous & sustained performance in achieving the Target quantities with optimum resources and given high thrust on Safety & Environment.

## MINING

We have a long-term association with M/s NLC, and through repeated orders, we expanded our services to the mining sector in recent years. We established our footprint by bringing significant improvements from the Material Receipt Station to Material Dispatch via a mechanized Rapid Loading System. As responsible strategic partners of Coal India Ltd subsidiaries (SECL & MCL), we consistently strive to add further value to one of the "MAHARATNA" companies.

## LOGISTICS

NEC offers nationwide logistic support by providing machinery for plant erection. Our extensive portfolio includes industrial equipment for earth-moving, transportation, drilling, tunneling, pile-driving, material handling, and hoisting. In addition to heavy machinery, we supply essential construction tools like pneumatic hand tools, hydraulic hammers, and compressed air-powered devices. We also specialize in conveyor belts for waste removal and systems for concrete and water pumping on construction sites.

# SERVICES

## OPERATION & MAINTENANCE

At NEC, Operation & Maintenance is at the heart of what we do. With over 27+ years of expertise, we deliver end-to-end O&M solutions that ensure reliability, safety, and efficiency across a wide range of industries. Our approach combines domain knowledge, skilled manpower, advanced tools, and digital monitoring systems to keep plants running at optimal performance—day after day, year after year.

### OUR O&M CAPABILITIES

- Comprehensive Plant Operations
- Coal Handling Systems
- Ash Handling Systems
- Limestone Handling Systems
- Automobile Operations & Fleet Management

### EQUIPMENT OPERATIONS & MAINTENANCE

- Wagon tipplers, locomotives, apron feeders
- Loading & unloading of coal, slag, cement, clinker (cement plants)
- Stackers, reclaimers, crushers, vibrating feeders, vibrating screens

### MATERIAL HANDLING SYSTEMS FOR STEEL PLANTS

- Wagon tipplers, belt conveyors, twin boom stackers
- Travelling tippers, dust extraction & suppression systems
- Sinter plant O&M and support services

### MANPOWER DEPLOYMENT & SKILLED RESOURCES

- Experienced engineers, supervisors & technicians
- Round-the-clock operational staff
- Specialized O&M teams for mechanical, electrical & instrumentation works

### VALUE-ADDED SERVICES

- Preventive & Predictive Maintenance – Reducing downtime and extending asset life
- Energy Optimization – Improving efficiency and lowering operating costs
- Digital Monitoring & Reporting – Real-time system performance tracking
- Safety & Compliance – Strict adherence to statutory and client safety norms
- Training & Skill Development – Upgrading workforce capabilities for better performance

### ENGAGEMENT MODELS

We adapt to each client's requirements through:

- Lump Sum Basis – Fixed O&M contract for complete operations
- Manpower Supply Basis – Deployment of skilled teams as per site needs
- Quantity Basis – Flexible services linked to material handled or output achieved

### WHY NEC FOR O&M?

- Proven Track Record in power, steel, cement, and infrastructure sectors24x7 Operations Support with rapid response teams
- Tailor-Made Solutions built around client's business priorities
- Commitment to Safety, Reliability & Sustainability

# SERVICES

## DESIGN, FABRICATION, ERECTION & COMMISSIONING

Fabrication & Erection forms the quintessential process in building the machinery infrastructure for an industry. It involves engineering machines, mechanical paraphernalia and devising structures that facilitate the free flow of production process.

NEC stands tall in the nation's Fabrication & Erection façade with its decades of experience in handling a mammoth array of projects both nationally and globally. Our expertise includes:

- Fabrication & Erection of FGD Absorbers, large diameter tanks and structures in Power Plants.
- Erection of Electrical, Instrumental & Control work for Coal Handling Plants, Ash Handling Plants & Cement Plants
- including installation of Panels, Switch Gear, Transformers and Lighting work.
- Fabrication, Erection, Testing and Commissioning of the complete Ash Handling System.
- Handling, laying, welding, erection, testing and commissioning of large diameter cooling water piping and Fire
- Fighting System in Power Plants.
- Fabrication, erection and testing of Yard Piping, Non IBR Piping and Effluent Treatment Plant.
- Erection of various equipment, piping, structures, BF Gas Piping including rotating equipments in Integrated Steel
- Plants.
- Handling Port activities such as fabrication & erection of loco sheds, tankages and piping.

## CIVIL WORKS

NEC stands out in Civil Works, known for exceptional forecasting and flawless execution. Our handpicked team of engineers follows a meticulous process—from understanding client needs and precise planning to expert designing and on-ground execution. Our portfolio features large-scale chemical, oil, gas, and limestone sheds, along with advanced effluent treatment plants and ash handling systems in power plants, all delivered in compliance with environmental and government norms.

Our transparent, trust-driven approach ensures quality at every step—from accurate cost estimates, infrastructure planning, and material selection to logistics and location finalization. With NEC, clients benefit from deep expertise, full-spectrum project support, and an unwavering commitment to excellence.

# OVERSEAS BUSINESS

## NEC -DELIVERING GLOBAL OPERATIONAL EXCELLENCE

NEC is a trail-blazing global company specializing in Operations & Maintenance (O&M) services, catering to the multifaceted requirements of our esteemed clientele. Founded in 2023, our unwavering commitment to unparalleled excellence and unwavering client satisfaction has propelled us to the forefront of the O&M service industry. Our journey began with the establishment of our first overseas branch in Dubai, marking a significant milestone in our global expansion.

**NEC GLOBAL FZC: A Hub of Excellence**

NEC GLOBAL FZC stands as a proud subsidiary of NEC, strategically located in Fujairah, UAE since 2023.

In this same year, we initiated groundbreaking O&M operations in bulk material handling within ports, proudly serving the following locations:

1. UAE
2. Oman

This bold step into overseas markets has fortified our position as pioneers in offering comprehensive O&M solutions within the dynamic port industry.

**Expanding Presence Across GCC:**

At NEC, our vision extends beyond boundaries. We aim to expand our footprint across the Gulf Cooperation Council (GCC) region by actively seeking and acquiring projects in every member state.
