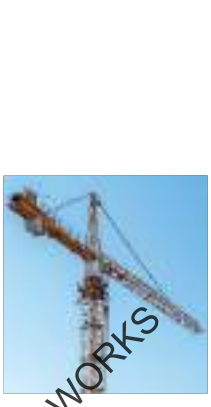
SK CREATIVE WORKS

ABOUT US

Gulf Experts for Engineering and Mechanics SPC is a trusted provider of engineering and construction solutions in the Sultanate of Oman. Based in Al-Ohi Sanaya, Sohar, the company was established to address the increasing demand for dependable, high-quality engineering, fabrication, and construction services across the region.

We specialize in a wide range of services, including metal fabrication, structural and piping fabrication and erection, MEP works, civil construction, machining services, manpower consultancy, solar structure fabrication. Backed by strong technical expertise and extensive industry experience, we deliver tailored solutions designed to meet the unique requirements of each client.

At Gulf Experts for Engineering and Mechanics SPC, quality and excellence are at the core of everything we do. Our experienced professionals ensure every project is executed with accuracy, efficiency, and full compliance with international quality and safety standards. By working closely with clients, consultants, and stakeholders, we provide sustainable, cost-effective, and timely project solutions.With modern infrastructure, advanced engineering capabilities, and a strong commitment to customer satisfaction, Gulf Experts for Engineering and Mechanics SPC has built a solid reputation as a reliable partner for the oil & gas, construction, fabrication, and engineering sectors.



SK CREATIVE WORKS

GULF EXPERTS

MISSION & VISION

MISSION

Deliver reliable, innovative, and high-quality engineering and mechanical solutions that exceed client expectations.

VISION

To become a leading engineering and construction partner recognized for excellence, sustainability, and innovation

VALUES

Integrity, quality, safety, teamwork, innovation, and customer satisfaction guide everything we do.

PHILOSOPHY

We believe in building long-term partnerships through trust, precision, and commitment to excellence.

SK CREATIVE WORKS

GULF EXPERTS

OUR SERVICES

At Gulf Experts for Engineering and Mechanics SPC, we deliver reliable engineering, fabrication, construction, and mechanical services with a strong focus on quality, safety, and efficiency across various industries

ENGINEERING CONSULTANCY

Comprehensive engineering services including Civil & Structural, Electrical & Instrumentation, Mechanical engineering.

INSTALLATION, TESTING, & COMMISSIONING

Expertise in overseeing the installation, testing, and commissioning phases of projects to ensure smooth operations.

STRUCTURAL STEEL/PIPING-FABRICATION & ERECTION

Design, fabrication, and on-site erection of heavy and light structural steel—including pipe racks, platforms, sheds, and support systems.

PROJECT MANAGEMENT SERVICES

End-to-end project management solutions from inception to completion, ensuring adherence to time lines and budgets.

PROCUREMENT (TRADING AND MATERIAL MANAGEMENT

Efficient handling and management of materials and equipment to support project requirements.

MECHANICAL & ELECTRICAL EQUIPMENT INSTALLATION

Installation, alignment, and commissioning of static and rotary equipment including pumps, compressors, turbines, boilers, and heat exchangers.

QA/QC MANAGEMENT SERVICES

Implementation of rigorous Quality Assurance (QA) and Quality Control (QC) measures, including auditing and third-party inspection services.

OPERATION AND MAINTENANCE SERVICES

Comprehensive support including O&M Support, Annual Maintenance Contracts (AMC), Overhauling services, and Technical support to optimize Asset performance.

SKILLED MANPOWER & RESOURCE SUPPLY

Provision of skilled manpower and resources tailored to project-specific needs.

HEALTHY, SAFETY & ENVIRONMENT SERVICES

Commitment support to maintaining high standards of Health, Safety, and Environmental practices throughout project execution.

SK CREATIVE WORKS

OUR PRODUCTS

Steel Structures

- Pre-engineered building (PEB)
- Structural steel frames
- Pipe racks
- Platforms and walkways
- Pedestrian bridges / small-span bridges

Industrial Fabrication Items

- Skids (pump skids, compressor skids, generator skids)
- Equipment support structures
- Access ladders and staircases
- Handrails, guardrails
- Industrial racks & supports

Tanks & Vessels

- Storage tanks
- Pressure vessels
- Silos and hoppers

Heavy Fabrication Products

- Base frames & foundations
- Heavy-duty machine frames
- Portal frames & supports
- Conveyor structures

SK CREATIVE WORKS

GULF EXPERTS

OUR PRODUCTS

Plate & Sheet Metal Fabrication

- Ducting
- Chutes, bins, hoppers

Custom Steel Works

- Fences & gates
- Canopies and shades

Oil & Gas Sector Items

- Pipe supports & shoe supports
- Offshore structural parts
- Skid-mounted units
- Manifolds
- Ladders & platforms

Renewable Energy Structures

- Solar module mounting structures
- Battery storage skid frames
- Inverter & control room enclosure

E&I Works

- Cable & Tubing Trays Installation
- Cable Gland & Termination
- Cable Laying & Cable Dressing
- JB Installation

SK CREATIVE WORKS

OUR MACHINERY & EQUIPMENT

Type of Machine	Quantity
Plate cutting Machine	Oxy Fuel - Plasma
Plate Rolling Machine	Up to 16mm thickness
Mig Welding Machines, 400 Amps	12 nos
Arc Welding Machines	15 nos
Arc/Tig Welding Machines	5 nos
Pug Cutting Machines, VCM 200 (Up to 60 mm thick)	5 nos.
Radial Drilling Machine Up to 50 mm Dia	1 no
Magnetic Drilling (Broach cutter, Up to 50 mm Dia)	6 nos
Lathe Machine	1 nos
Band Saw Machine	1 nos
Airless Painting Machine	1 nos
Air Compressor	2 nos

SK CREATIVE WORKS

OUR CLIENTS

- Arabian Industries Manufacturing
- Arabian Industries Cladding
- Jindal Shadeed Iron & Steel LLC
- Sohar Titanium
- Oman Sugar Refinery Company
- Synergy Castings LLC
- Green Tech Mining & Services
- Green Ferro Alloy (FZC) LLC
- Sanvira Carbon FZC
- Sohar Aluminum
- Al Kanz Engineering LLC (KEMCO)
- Bashaer Gulf Projects and Technical Services LLC

SK CREATIVE WORKS

OUR MECHANICAL PROJECTS

- Assembly, Erection and Commissioning of MHS Equipment MVA Submerged Arc Furnace (SAF) -Jindal
- Fabrication of tanks, skids, skirts, piping, and saddles for Arabian Manufacturing Industries
- Electrical and instrumentation works for JORD
- Structural fabrication for GPS, Oman
- Structural fabrication for ENERFLEX, Oman
- Erection of FPHS equipment for Sohar Titanium
- Fabrication and erection of hopper and conveyor systems for Jindal Shadeed Iron & Steel
- Fabrication and erection of chimney and duct systems for Jindal Shadeed
- Fabrication of steel structures for L&T MFY
- Fabrication and erection of material handling system equipment structures for Jindal Shadeed Iron & Steel LLC
- Fabrication of Package-1 components, including Time Platform Jacket and Riser, Electrical Distribution Platform Jacket, Production Platform Jacket, and Boat Landing, for L&T MFY
- Fabrication and erection of topside modules, WSLP topside, and control building structures
- Lighting system upgrades for the power plant and warehouse at Sohar Aluminum
- Fabrication and erection of industrial shed for Sohar Wooden Pallet Factory
- Onboard piping for furnace systems, including gas, water, and hydraulic lubrication, for MISCO
- Fabrication of mid-range structural components and handrails for MISCO
- Fabrication of furnace hot air ducting, chimney, and equipment installation structures for Synergy Casting
